Contact: Sara Bogner: 707.467.1062
sbogner@mendocino.edu

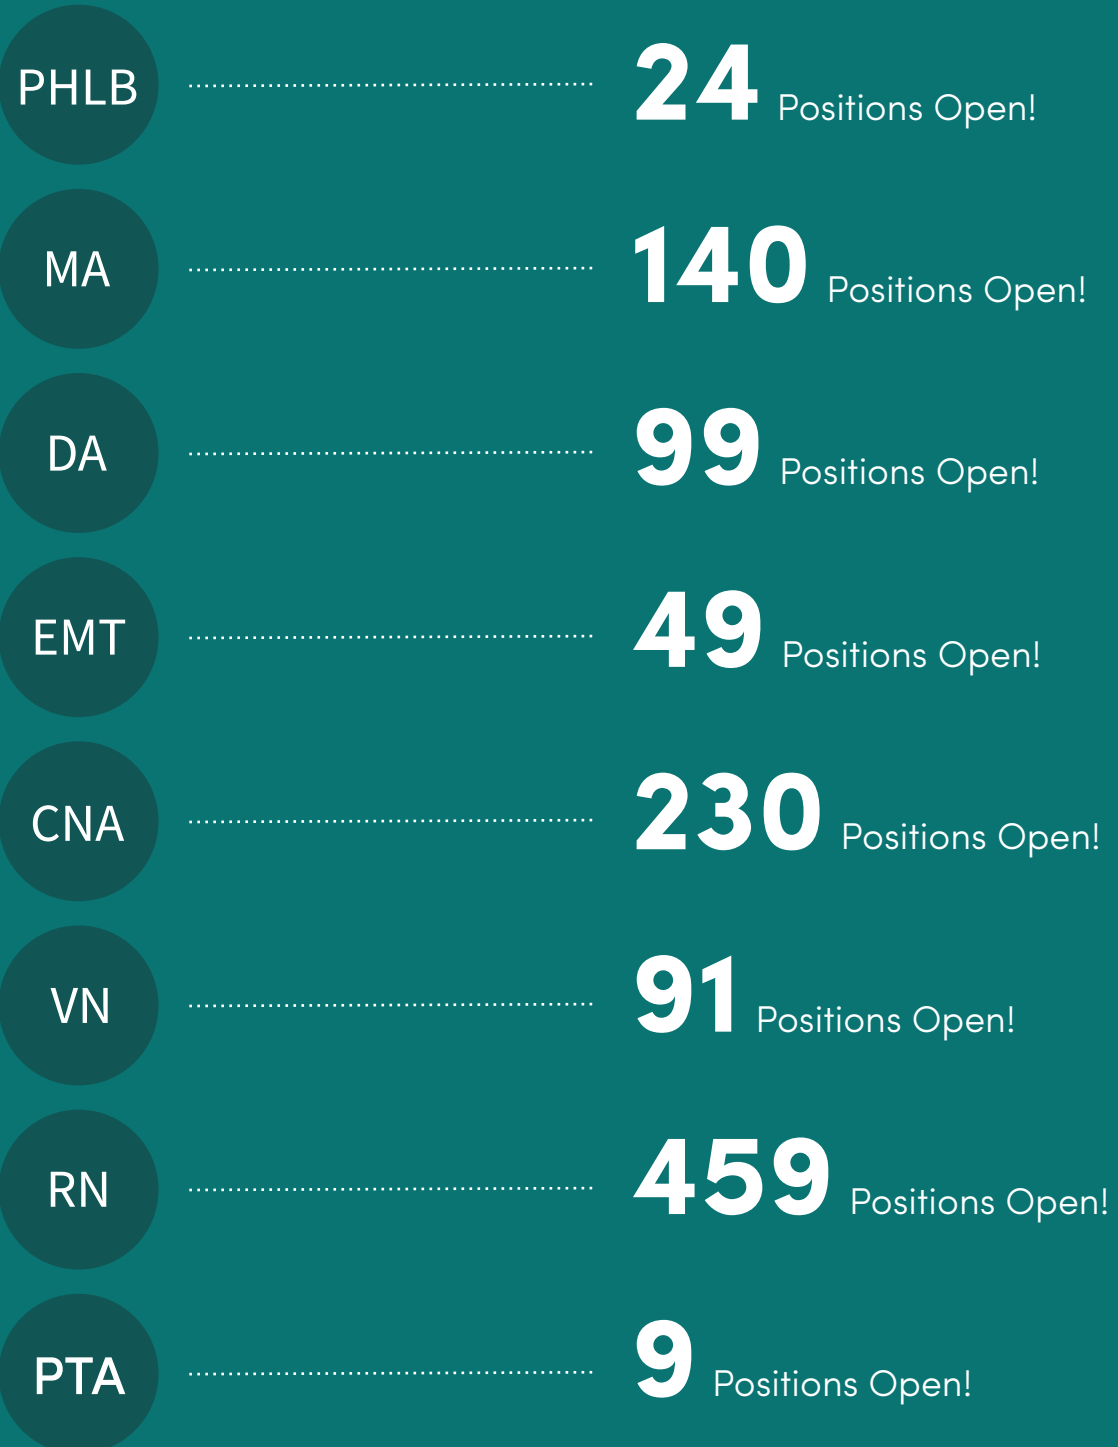

Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education is necessary for eligibility to sit for licensure examination, which is required in all states.

Mendocino College is seeking accreditation of a new physical therapist assistant education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, on June 1, 2019. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the program; therefore, no students may be enrolled in the program courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate of Accreditation status, signifies satisfactory progress toward accreditation, it does not ensure that the program will be granted accreditation.
