Due COVID-19, we are limiting the number of seats to five per testing session. Students need to wear a face mask.

Students can't bring **electronic devices**, including cell phones, into the test room. Students can't bring any food or drink into the test room unless you have an approved health accommodation.

State Eligibility Requirements

To take the HiSET exam in California, you must be a California resident or a member of the armed forces assigned to duty in the state of California, have not completed high school. Identity and age must be verified by current photo identification at time of scheduling and/or before admittance to the testing room. Acceptable identification includes: driver's license or identification card issued by the Department of Motor Vehicles, an identification card issued by the military, an identification card issued by the U.S. or a foreign government, a passport issued by the U.S. or a foreign government, a tribal identification card or an identification card issued by a postsecondary school. The identification must include your name, birth date, signature, photograph and address.

Students must be at the testing center 10 minutes before the testing starts.

For more information, call (707) 468-3000 x 6621 or 6662, (707) 472-7253

COVID-19 update

ETS launches the HiSET® exam at home option for test takers

To meet the needs of test takers who can't test at a test center because of public health concerns, ETS is offering the HiSET® exam at home option. With the at home option, you can take any of the five subtests that make up the HiSET exam on your own computer at home or in another secure location. Each subtest delivered at home has the same content, format and on-screen experience as the test you would take at a test center. Your at home appointment will be monitored by a human proctor online through ProctorU®. Currently, at home appointments are available **15 hours a day, seven days a week.**
