OVERVIEW OF TYPES OF LEGAL SERVICES PROVIDED

The California Community College Immigration Legal Services Project provides a wide range of free immigration legal services, including application assistance, education and outreach to undocumented students, staff, and faculty on California community college campuses. The ten chosen legal service providers have committed to representing students, faculty and staff throughout the duration of their case, in some instances, even after they are no longer affiliated with the community college system (so long as they were enrolled at intake). A partnership with the Immigrant Legal Resource Center will also allow us to develop accurate and current immigration law and policy information that our students, faculty, and staff can access through the Chancellor’s Office, regardless of which college they attend.
